

Call for Artistic Conception and Painting of the Millerntor Gallery Mural

what is the millerntor gallery

The Millerntor Gallery is an international art, music and culture festival initiated by Viva con Agua de Sankt Pauli e.V. and FC Sankt Pauli. In keeping with the motto „Art Creates Water“ we transform art into water and inspire visitors to become socially active themselves by using the universal languages of art, music and sports.

we are looking for an artist!

- In cooperation with Urbanshit we are currently looking for an artist who wants to create a new design for the big Millerntor Gallery mural on the wall of FC St Pauli's stadium.
- Some impressions of how the festival looks in real life is shown in this walk through Video of the last Millerntor Gallery

thematic background

In the tradition of the beautiful mural that Anne Regier created at Millerntor Gallery #7, the new artwork should therefore not only decorate the outside of the stadium but also reflect the values of FC St. Pauli as well as the values of the Millerntor Gallery and of Viva con Agua.

All three organizations are closely connected and deeply rooted in St. Pauli. They all identify with the quarter and its residents; and their attitude towards a life filled with colorful connectivity. Solidarity, tolerance, and the trust that a positive social change is possible create the foundation of our cooperation.

To convey these principles, we make use of the universal languages of music, art, and sports.
